

Value Added Package: #4

1. Identify and describe components of package:

- 4' Glide Slide:** Compound resin materials provide superior color and UV resistance. Scalloped exit section allows sight impaired children to know when they have reached the end of the slide.
- 2 Seat Arch Swing:** Anti-wrap swing hanger pivots to prevent swing chains from being wrapped around top-rail. Top rail and arch supports are O.D. galvanized steel tubing.

2. Developmental appropriateness, accessibility and safety information:

- 4' Glide Slide:** Encourages: Self Confidence, Multi-Sensory Awareness, Element of Surprise
- 2 Seat Arch Swing:** Encourages: Agility, Sense of Accomplishment, Safe Risk Taking, Self Help, Leg Strength, Arm Strength, Cause and Effect

3. Product Photos:

4. Product Certification:

5. Retail Price and Discounted Price:

Since 2005 as a part of our partnership agreement with NHSA, Playworld Systems has provided value added support to NHSA including product discounting and a rebate program. Because product discounting for the NHSA Body Start program is so generous, we Playworld Systems, will not be able to combine both programs. Playworld Systems will operate each value added programs as independent contracts and contracts independent from each other.
